OS+H Asia 2018:

Transforming Workplace Safety and Health across the Region

Having gained prominence as an integral exhibition in the region's bid to create a safer and healthier workplace for tomorrow, OS+H Asia will return for the 11th time in 2018 to deliver new and improved technologies and modern-day solutions to reinforce workplace safety. Join us as we explore a safer and healthier work environment at OS+H Asia 2018.

HIGHLIGHTS

from OS+H Asia 2016

Firmly cementing its position as Singapore's foremost exhibition and total solutions platform for occupational safety and health, OS+H Asia 2016 presented a full suite of the latest workplace safety solutions ranging from personal safety equipment, fire protection products and services, to workplace ergonomic, which were of key relevance to visitors as seen in their growing numbers.

Exhibitors and Visitors were left raving about OS+H Asia 2016

It is our first time exhibiting at OS+H Asia, and we are really impressed with the exhibition. It is the right show for us, definitely. We have a lot of enquiries and walk-ins from the public. Most importantly, we have many quality leads. This is the exact platform that we need to reach out to potential international clients.

Ms. Dorota Smilgin,
Trade Marketing Manager, Kee Safety

EXHIBITORS

The exhibition has been excellent as always. We have many enquiries on our products and services from all sorts of industries. We have participated in numerous exhibitions, but this is definitely one of the best exhibitions that we have taken part in so far in terms of the quality of the crowd.

Mr. Shawn Ong,
Chief Operating Officer, Galmon (S) Pte Ltd

This is my first visit to OS+H Asia. I liked that it is a dedicated and specialised exhibition for the OSH industry. During my visit, I had the opportunity to learn about the latest products in the market and established fruitful contacts for my line of work.

Mr Pengiran Ali Bin
Pengiran Haji Metasan, P.S.B, chief auditor of occupational health and safety from Ministry of Defence, Brunei Darussalam

VISITORS

I have visited the exhibition for the past few editions and find it useful and relevant in keeping myself updated on new safety equipment and industry trends.

Mr Lim Kok Heng,
Operations manager,
Easteel Services (Malaysia) SDN BHD, Malaysia
