Successful continuation

Strong growth in visitors' numbers at 2nd TOS+H EXPO seamlessly continues success of première.

The second **TOS+H EXPO (Occupational Safety + Health Exhibition)** seamlessly continued the success of the première event two years ago and concluded with a large increase in the number of visitors.

From 8 to 11 May 2016 the Halic Congress Center in Istanbul attracted **5,223 trade visitors** (3,540 in 2014) wanting to learn from **106 exhibitors** (**17 nations**). The trade fair featured the latest trends in personal protection equipment, health at work, occupational safety and innovative products in those areas.

TOS+H EXPO ideally supplemented the **8th International Occupational Health and Safety Conference, organized by the Turkish Ministry for Labour and Social Security.**

The combination of a conference with high-calibre speakers giving interesting talks, as well as discussions and a comprehensive overview of innovative products, equipment and services at the trade fair created a comprehensive

market and communication platform for the key topics of personal protection and health and safety at the workplace.

The second **TOS+H EXPO** was opened by the Turkish Labour Minister, **Süleyman Soylu**, thus impressively underlining the significance which the event has by now acquired.

"We are extremely satisfied with the organisation and service at the TOS+H EXPO. The team was extremely helpful and the cooperation worked beautifully. The TOS+H EXPO was very supportive in contacting new customers and in closing business. We congratulate the organisers and wish them much success in the years to come. We plan to participate in the trade fair again in the future."

Vedat Erdogan, Import-Export Manager, Ismont Textile Production and Marketing Co

Further valuable support was given from:

TOS+H EXPO 8-11 May 2016

www.toshexpo.com

More than **5,000 OSH professionals** met in Istanbul at VIII. International Conference on Occupational Safety & Health

Sustainable Occupational Health and Safety has been determined as the main theme in the 8th International Conference on Occupational Health and Safety.

The opening ceremony of the conference was attended by the President of Turkey **Recep Tayyip Erdogan**, Minister of Labour and Social Security **Süleyman Soylu**, Minister of Energy and Natural Resources **Berat Albayrak**, Minister of European Union **Volkan Bozkir**, Minister of Maritime, Transport and Communications **Binali Yildirim**, Minister of Finance **Naci A Bal**, Minister of Economy **Mustafa Elitas**, representatives of international organizations, members of the parliament and also employers, unions and workers' representatives and academics. **Experts and representatives from 58 countries** have also participated in the conference.

The conference focused on **34 different topics** form ergonomics, psychological risk factors, improving and extension of OHS culture, proactive approaches to occupation-

al disease to the role of international and national organizations over sustainable OHS.

The next conference will again take place parallel to **TOS+H EXPO 2018** in Istanbul.

"TOS+H EXPO carries the concept of Messe Düsseldorf and was organized with the quality of A+A. Although TOS+H EXPO is organized every 2 years, we strongly believe that it will be the only trade fair organized in the safety and health sector in Turkey. It is very important that TOS+H EXPO is held concurrently with the 8th International Conference on Occupational Safety and Health. Visitors of this trade fair are very competent and knowledgeable."

Areas of interest

5,223 registered trade visitors
met **106** exhibitors from **17** countries
at **TOS+H EXPO 2016**

"TOS+H turned out to be a highly comprehensive and communicative platform for Turkey and has exceeded our expectations. Most of the Chinese exhibitors have already indicated that they want to come back in two years' time. We would like to express our special thanks to the entire team of organisers."

Amanda Yang, Project Executive at Valuedshow

"TOS+H was a great opportunity for Innotech and Yüksek Isler to present their innovative products to a very interested audience."

Sebastian Mohrwind,
Head of International
Sales at Innotech

"We are very satisfied with the TOS+H EXPO 2016 results. We had the opportunity of meeting with our old customers and presenting our new solutions as well as meeting new customers. Thank you very much."

Merve Sener, Senior Marketing
Coordinator, 3M

Gerald Haas, Sales Manager
Europe 2 at UVEX Safety

"As before, TOS+H EXPO has proved to be a perfect platform to express our close bond with the Turkish market. Following the successful start in 2014, the trade fair has now confirmed its position as the leading industry event in Turkey."
