**Russian Forum for
Prosthetics & Orthotics**

TIME FOR A NEW APPROACH!

The requirements for the complete professional care of patients are rising all the time. As a result, the training and specialization of medical personnel and optimizing interface management between different areas of treatment are becoming increasingly important. It's therefore time for a brand new event format: the Russian Forum for Prosthetics & Orthotics!

**THIS CONGRESS ACCOMPANIED BY AN INDUSTRY EXHIBITION
WILL BE HELD FOR THE VERY FIRST TIME DURING INTEGRATION
LIFE SOCIETY IN MOSCOW FROM 14 TO 16 JUNE 2017.**

This interdisciplinary forum will bring together international experts in orthopaedic and rehabilitation technology. It will complete the circle of medical treatment, patient assessment and the individual determination of types of treatment, product selection, technical care and patient rehabilitation. The forum will be based on Leipziger Messe's experience from OTWorld in Leipzig.

The Russian Forum for Prosthetics & Orthotics offers you an ideal setting to address service providers in this growing market and showcase your products and services.

YOU'LL BE ABLE TO MEET

- Orthotists
- Doctors
- Therapists
- Engineers
- Disability assessors
- Dealers
- Decision-makers, buyers and managers from hospitals, clinics and rehabilitation centres as well as private and public orthopaedic workshops, public agencies, insurance funds and medical appraisal services.

EVENT FORMAT:

- CONGRESS
- DEMO ZONE
- EXHIBITOR WORKSHOPS
- INDUSTRY EXHIBITION

TOP-CLASS TRAINING AT THE CONGRESS

At a series of seminars and workshops at RFORT, leading domestic and foreign experts from science, rehabilitation centres, hospitals, clinics and industry will be explaining new treatments, research findings and trials, and reporting on cutting-edge healthcare methods and products.

The kick-off event for directors and managers of private and state workshops, insurance funds, the medical service and wholesalers from all over Russia will be devoted to current aspects of social and healthcare policy, management questions, and different forms of training and development in Russia and other countries.

A congress advisory board featuring prominent representatives of hospitals, clinics, rehabilitation centres, institutes, and top Russian and international manufacturers will advise the organizers on the choice of topics and speakers. The members of the board will include personnel from the Albrecht Institute, Beta, Blatchford, Metiz, the Moscow Prosthetics Factory, Ogonyok, Orthokosmos and Otto Bock.

EVERY DAY THERE WILL BE TWO PARALLEL CONGRESS SERIES ON ISSUES SUCH AS:

- Prosthetic legs
- Adjusting orthoses
- Treatment of disabled children
- Treatment of complications from diabetes (e.g. diabetic foot)

DEMO ZONE

- Workshops featuring demonstrations of new prostheses and orthoses, including production and adjustment
- Moderated presentations of treated patients
- Sporting events for disabled athletes with prostheses

EXHIBITOR WORKSHOPS

Manufacturers from Russia and abroad (including innovative start-ups) will present their latest developments and explain how they are used

MARKET WITH EXCITING POTENTIAL

RFORT offers direct contact with customers and prospective buyers, an ideal working atmosphere, and high-powered meetings. In recent years, the Russian market has opened up to international suppliers – and is constantly on the lookout for new suppliers and vendors for both simple and complex treatment. Seize this opportunity as an exhibitor to tap new markets in Russia!

PRODUCT AREAS AT THE INDUSTRY EXHIBITION

- Prosthetics
- Orthotics
- Bandages, compression treatment
- Orthopaedic shoe technology
- Raw materials and supplies, workshop tools and equipment
- Therapeutic devices
- IT
- Underwear and swimwear
- Training and development

We hope very much that you, too, will take part in the Russian Forum for Prosthetics & Orthotics when it debuts in Moscow!
