China

## FTR4H成功首演

## Successful Launch of the FTR4H Platform

与MEDICA有着深入合作关系的FTR4H (Future for Health) 首次来到中国, 成为2017中国国际医疗创新论坛之“物联网与智慧医疗”分论坛最大的亮点之一。FTR4H是一个国际性的交流平台, 旨在促进全球数字化健康产业中新兴公司、知名企业及投资商, 包括相关促进机构与媒体之间的讨论、对话及联谊。

FTR4H的移动战略专家马克·瓦茨特先生主持了一场别开生面的圆桌论坛, 与来自齐腾医药、Darma Inc.及The CareVoice等企业的嘉宾热烈讨论了“数字医疗如何重塑中国医疗体系”这一课题。

2018年9月, FTR4H将重返中国, 再次与业内人士相聚在中国国际医疗创新论坛!

此外, FTR4H将集结在中国数字健康领域的行业推动者和大咖, 建立相关联系网络。来自Darma Inc.公司的胡峻浩博士将担任FTR4H的首位中国区大使。

FTR4H (Future for Health), which has closely cooperated with MEDICA and its family of shows, successfully debuted at China Medical Innovation Forum 2017. FTR4H is an international platform which enables discussions, meetings, dialogs and networking among thousands of Digital Health start-ups, corporations and investors, including accelerators and media from around the world.

Mr. Mark Wächter, Mobile Strategy Consultant at MWC.mobi, Author & Mr. Mobile, led a Fire Side Chat to talk about “How Digital Health Transforms the Healthcare Continuum in China” with industry veterans from Chiltern, Darma Inc and the CareVoice.

FTR4H society will be back for sure at Medical Fair China in Suzhou in September 2018!

In the meantime, FTR4H will establish a network of digital health movers & shakers in China. We have won Dr. Junhao Hu from Darma Inc as the first FTR4H Ambassador in and for this unique market.
