Definitely Dubai

# ArabPlast

## CONTINUES TO FORTIFY THE INDUSTRY

Witness the robust acceleration of the Plastics, Petrochemicals, Packaging & Rubber Industry at the Region's Premium Event - **ArabPlast**

Reigning supremely in the region for over 2 decades, ArabPlast will embark on its 15th Edition scheduled to unveil on the 15th of November 2021 at the Dubai World Trade Centre.

The 4 days event will attract global industry players offering an opportunity to reinforce brand image and to bring to the display floor revolutionary innovations, commercial and operational capabilities, as well as advanced analytics and cutting-edge technologies.

Think of unstoppable progress in the Middle East, and the finger points at Dubai on the world map!!

Companies from around the world have secured a strong foothold in Dubai, the focal point in the GCC & MENA region for commerce and trade.

UAE – the Arab World's 2nd largest economy, has attained an undisputed position across transnational borders as the hub for Asia, Europe & Africa!!

## PLASTICS MAKES A MODERN WORLD

### Plastics in all Industries

- \* Automotive
- \* Aviation
- \* Food & Beverages
- \* Healthcare
- \* Homes
- \* Logistics

*list in endless.....*

## Industry Facts

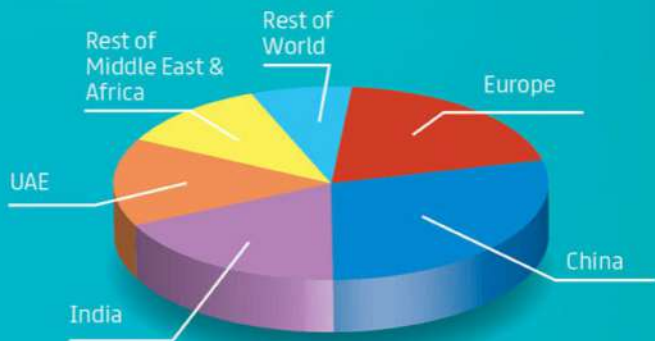

- \* Global plastics and rubber industry recorded a consistent annual growth rate between 4 to 5 per cent
- \* Petrochemicals Sector being positioned as the largest driver of global oil consumption (IEA)
- \* The Middle East petrochemical producers are racing to expand
- \* Plastics & Chemicals to account for the largest share of global crude demand growth by 2030!
- \* Estimated 3 per cent GDP growth for 2019 in the Gulf Region (IMF)
- \* Ongoing growth in the UAE and GCC construction industry will propel demand for plastic products
- \* The Middle East is witnessing an astounding expansion in polymerization capacities
- \* The UAE's local plastics, petrochemicals and rubber industry is predicted to grow between 5 to 6 per cent on an average in the coming decade

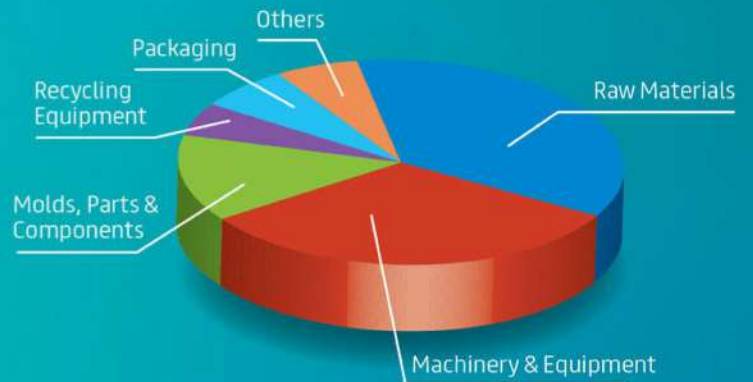

# 2019 SHOW ANALYSIS

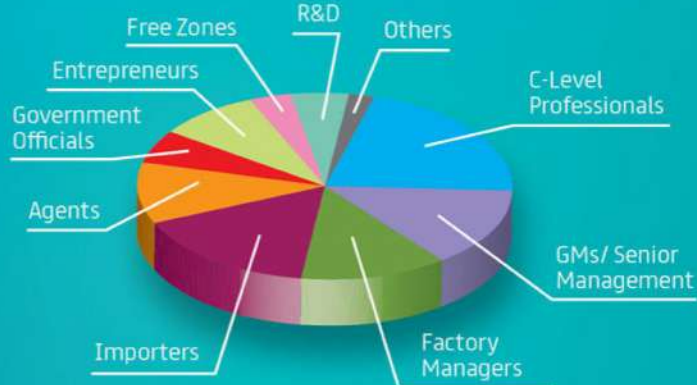

## GEOGRAPHICAL DISTRIBUTION OF EXHIBITORS

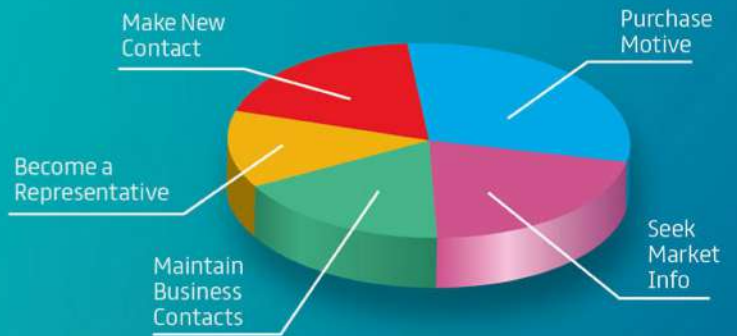

## TRADE VISITOR PRODUCT OF INTEREST

## TRADE VISITOR BY PROFESSION/POSITION

## PURPOSE OF VISIT

## 108 VISITING NATIONALITIES

Canada  
Costa Rica  
Dominica Republic  
Guatemala  
USA  
Virgin Islands (British)

Brazil  
Paraguay  
Venezuela

Austria	Greece	Romania
Belgium	Hungary	Serbia
Bulgaria	Ireland	Slovakia
Cyprus	Italy	Slovenia
Czech Republic	Lithuania	Spain
Denmark	Luxembourg	Sweden
Estonia	Malta	Switzerland
Finland	Netherlands	UK
France	Poland	Ukraine
Germany	Portugal	

Azerbaijan  
Georgia  
Kazakhstan  
Russia  
Turkey

Algeria	Egypt	Rwanda
Angola	Ethiopia	Senegal
Botswana	Ghana	Somalia
Burundi	Guinea	South Africa
Cameroon	Ivory Coast	Sudan
Central Africa Republic	Kenya	Tanzania
Comoros	Libya	Tunisia
Congo-Kinshasa	Mauritius	Uganda
Djibouti	Morocco	Zimbabwe
	Nigeria	

Afghanistan	Kuwait	South Korea
Armenia	Lebanon	Sri Lanka
Bahrain	Malaysia	Syria
Bangladesh	Nepal	Taiwan
China	Oman	Tajikistan
Hong Kong	Pakistan	Thailand
India	Palestine	Turkmenistan
Indonesia	Philippines	United Arab Emirates
Iran	Qatar	Uzbekistan
Iraq	Saudi Arabia	Vietnam
Japan	Singapore	
Jordan		

Australia  
New Zealand  
Papua New Guinea

# RECYCLING PLASTICS

## ARABPLAST TO INCORPORATE THE NEXT REVOLUTION IN THE PLASTICS INDUSTRY

Matching European Timelines

The Middle East has tremendous potential for the recycling business, and the list of recycling opportunities in the Middle East is limitless!

Although in its infancy, the development opportunities are high as the government has accorded the permission to set up recycling plants.

With a provision of long-term predictable regulatory legal framework, there will be enormous investment from the US and Europe.

The local recycling units need to have modern machinery and technical know-how, a sound system and an optimum level of production which is the main goal of the Recycling Zone during ArabPlast in 2021!

### Plastics have several lives

## Facts

- \* The Middle East shares 35 per cent of world's oil production
- \* Gulf petchems industry valued at US\$25Bn ie. 12 per cent of global market share
- \* Rising population is one of the major components for increase in domestic demand
- \* Industries such as aviation and other transport too constitute to the growing demand
- \* Only 8 per cent is being recycled regionally given the fact that some of the plastic is 100 per cent recyclable, like mineral water bottles
- \* By way of plastic recycling process, few companies in the UAE have started to include car tyres to be transformed into jogger tracks and rubber tiles through plastic recycling

## EXHIBIT PROFILE

### Materials, Chemicals & Auxiliaries

- \* Additives
- \* Adhesive and glues
- \* Basic chemical bulk drugs
- \* Catalysts
- \* Chemical intermediates
- \* Cleaning chemicals
- \* Coating compounds
- \* Corrosion inhibitors
- \* Cosmetic chemicals
- \* Detergent raw materials
- \* Dyes & dye stuff
- \* Electro chemicals
- \* Electroplating chemicals
- \* Fertilizers
- \* Fillers
- \* Filters
- \* Fine chemicals
- \* Foam and intermediates
- \* Inorganic chemicals
- \* Laboratory chemicals
- \* Oilfield chemicals
- \* Paint resins
- \* Performance chemicals
- \* Petrochemicals
- \* Pharmaceutical bases and raw materials
- \* Polymer raw materials
- \* Reinforcing fibers-materials
- \* Printing inks
- \* Rubber chemicals
- \* Speciality chemicals
- \* Starting materials, intermediate, polymerization, auxiliaries
- \* Solvents
- \* Synthetic chemical, fibres, bristles, tapes etc.
- \* Thermoplastics
- \* Thermoplastic elastomers
- \* Thermosets

### Plastic Packaging Machinery & Technology, Equipment & Services

- \* Machines and Equipment for Processing Recycling
- \* Mixers for food & liquids
- \* Two roll mills
- \* Powder compactors
- \* Crushers, shredders, grinders
- \* Pelletizers
- \* Compounding plants

### Other Equipment for Pre-processing, Recycling

- \* Machinery and Plant for Processing
- \* Extruders and extrusion lines
- \* Extrusion lines for films, sheets, filaments etc.
- \* Extrusion lines for sheathing of pipes and cables
- \* Extrusion lines for rubber
- \* Injection molding machines
- \* Blow molding machines
- \* Presses
- \* Compression and transfers
- \* Tableting presses
- \* Machinery for foam, reactive or reinforced resins
- \* Pre-expanders, foaming machinery for parts and blocks
- \* Reaction molding machinery and plants
- \* Filament winding machines
- \* Machinery for open cast molding
- \* Pultrusion equipment
- \* Spraying equipment
- \* Other processing machines
- \* Calendars, rollers
- \* Rotating molding machines
- \* Sheet casting machines
- \* Machines for the tire industry

### Post Processing Machine

- \* Thermoforming machines
- \* Bending and folding machines
- \* Pipe belling and socking machines
- \* Cutting machines
- \* Winding equipment
- \* Slitter rewinders
- \* Splitting machines, peeling machines
- \* Punching and perforating machines
- \* Milling machines
- \* De-flashing equipment
- \* Bag and sack making equipment

### Machinery and Plant for Finishing, Decorating, Printing and Marking

- Printing equipment
- \* Marking equipment
- \* Embossing equipment
- \* Laminating plants
- \* Coating plants
- \* Flocking plants
- \* Metallizing plants (vacuum deposition)

- \* Equipment for in-mold decoration
- \* Molds and Dies
- \* Injection and compression molds
- \* Blow molds
- \* Extrusion dies
- \* Standard mold parts, bases
- \* Mold clamping system and energy couplings
- \* Mold and die cleaning equipment
- \* Other molds

### Ancillary Equipment

- \* Measuring, Control and Test Equipment
- \* Thickness gauges (on line)
- \* Edge and centre sensors
- \* Control equipment for pressure
- \* Control equipment for temperature, heat
- \* Measuring and test equipment for rheological properties
- \* Measuring and test equipment for mechanical and dynamic properties
- \* Measuring and test equipment for thermal properties
- \* Measuring and test equipment for electrical properties
- \* Measuring and test equipment for optical properties
- \* Accelerated weathering equipment
- \* Precision weighing equipment

### Parts and Components

- \* Screws
- \* Barrels
- \* Rolls
- \* Nozzles
- \* Heating elements

### Semi-finished Products, Technical Parts and Reinforced Plastics

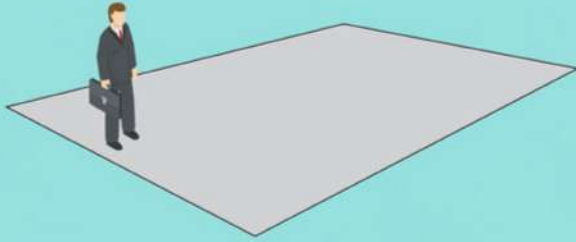

### Plastics Finished Products

### Services

(This list is illustrative only and not exhaustive.)

# PARTICIPATION COSTS

## Space Only (Minimum 36 sqm.) US \$ 465 per sqm

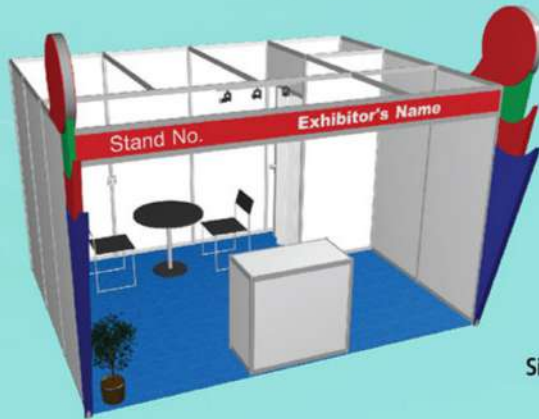

*Please note space only exhibitors should order separate power/ electricity connection for their stand area*

## Basic Package (Minimum 12 sqm.) US \$ 500 per sqm

- \* Octanorm wall panels
- \* Carpet inside the stand
- \* 1 Power socket (Load output 5amp)
- \* 1 Table
- \* 2 Chairs
- \* 3 Spotlights
- \* 1 Waste basket
- \* Stand No. & Company Name in English on fascia

Single side open

## Superior Package (Minimum 12 sqm.) US \$ 525 per sqm

- \* Octanorm wall panels
- \* 1 Waste basket
- \* 1 Reception Counter
- \* Folding door for store room
- \* Stand No. & Company Name in English on fascia
- \* Wooden pylone with Exhibitors Logo
- \* Carpet inside the stand
- \* 1 Power socket (Load output 5amp)
- \* 1 round table
- \* 2 Chairs
- \* 4 Spotlights
- \* 1 Potted Plant

Single side open

*\* above rate is excluding applicable 5% VAT*

### Common Services

\* General Illumination \* General Security Services \* Technical & Organizational Services \* Entry in the Official Catalogue \* Use of Press Office
