

re boot your business

Düsseldorf

22 – 30 Jan 2022
boot.com

Become an exhibitor
now to get a head-start
on the path to success!

For us, good business is a personal matter.

boot Düsseldorf has always eagerly risen up to meet new challenges. In 2022, too, there's no better place to get your business off to a flying start. The global industry chooses to convene at the world's biggest boat and watersports trade fair, a real affair of the heart for watersports-based businesses.

You will be able to greet your customers and business contacts, old and newly acquired alike, again in person at last in January 2022. To this end, we offer you a safe and successful platform with a tried-and-tested hygiene concept that will, naturally, be adapted to the regulations in force in January 2022. The health of our exhibitors, visitors and employees is always absolutely paramount for us.

PROTaction – Messe Düsseldorf developed PROTaction for CARAVAN SALON 2020. It is a hygiene concept that ensures the safety of our visitors, exhibitors and employees and allows us to enjoy magical watersports moments together.

This concept is constantly being developed and adapted to the current regulations in force.

To the PROTaction concept
