DÜSSELDORF, GERMANY

[AplusA-online.com.de](https://AplusA-online.com.de)

## Register online

Experience the  
future of work

# live!

Start your A+A 2021 success story here and now. The worldwide number one offers you tremendous potential to grow and think ahead, in terms of both specialist knowledge and your work. Our infection prevention and hygiene concept also ensures a safe and relaxed trade fair experience.

## Focal Topics at A+A

### Safety at Work

Experience innovations up close and personal: efficient protective equipment, new technology, tailored solutions. Be amazed by exciting advances that are revolutionising and optimising personal protective equipment.

### Corporate Fashion

The latest trends in tailor-made workwear, protective clothing and work uniforms. Feel the quality, try them on and try them out! Safety goes Fashion. Keep up with the trends in this special segment at A+A.

### Security at Work

The experience of collective protective culture: measures, technologies and devices. Get inspired - increase safety at your company through future-oriented solutions.

### Occupational fire safety and emergency management

The highlight: cutting-edge news. We require the proper information in order to take the right course of action. Come and find out how you can minimize the risk of an unforeseeable emergency, or its potential consequences.

### Health at Work

Welcome to the competence centre for comprehensive prevention. Gain insight into sustainable concepts for effective prophylaxis that prevents damage to health.

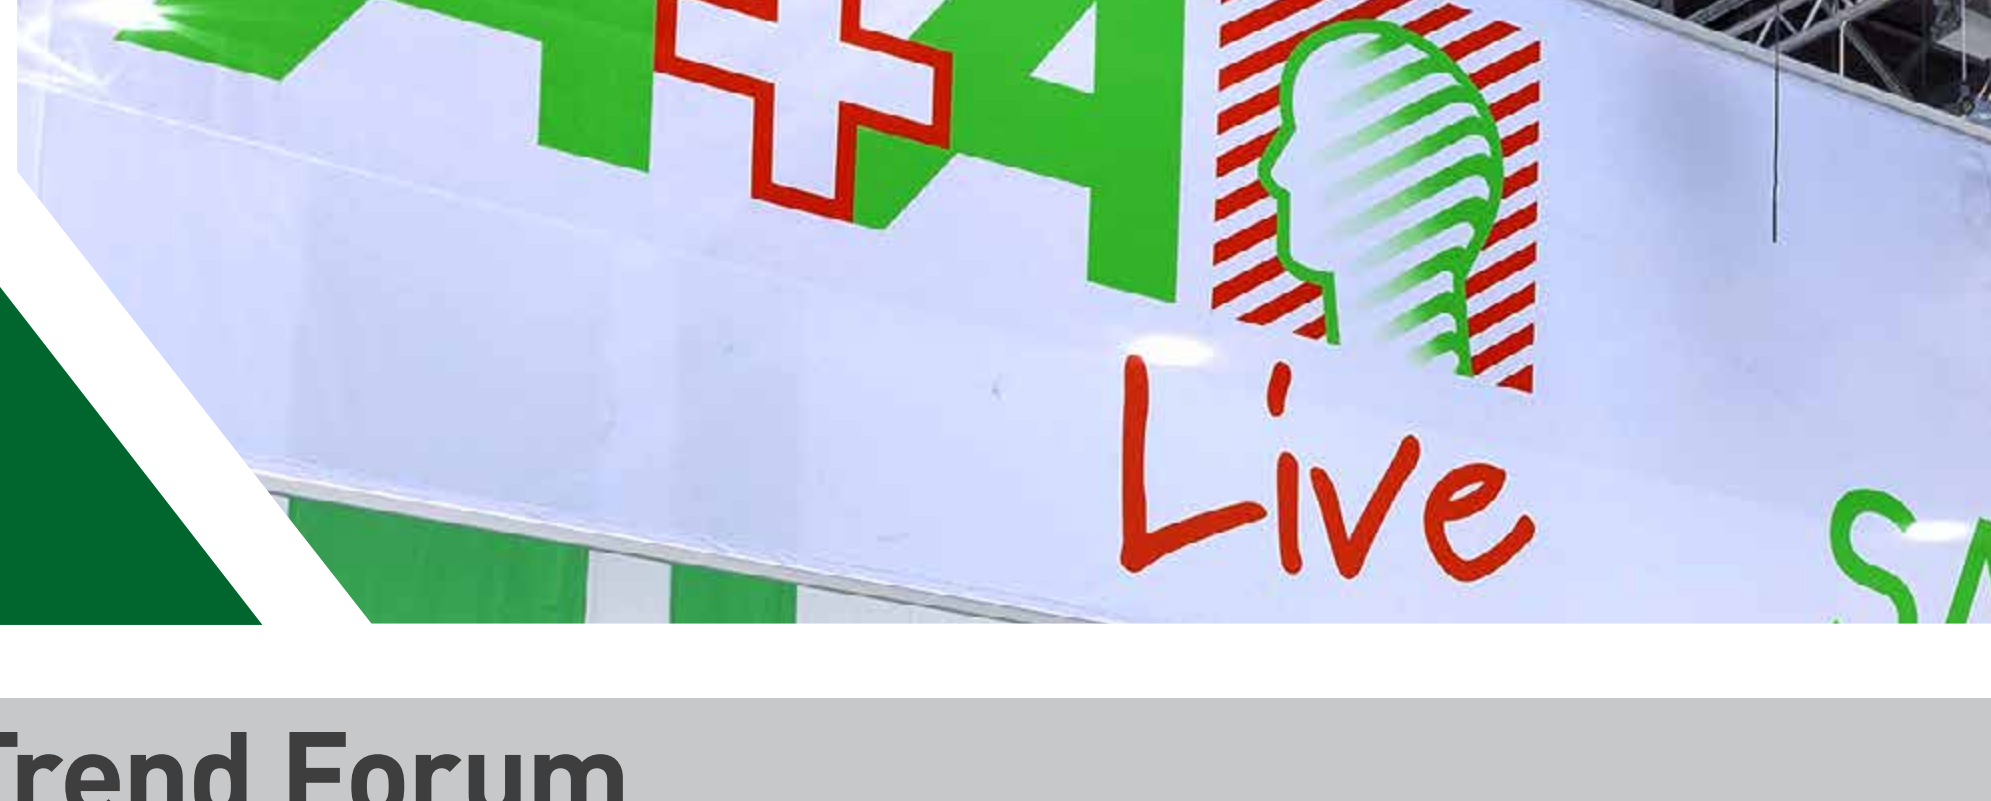

### The A+A Congress

Safety, health, ergonomics: The 37th International Congress for Occupational Safety and Occupational Medicine will take place in parallel.

## A+A Special Areas

### A+A Trend Forum

Look forward to high-profile specialist talks from renowned experts covering all the trending topics at A+A and in the industry - from digitalization to sustainability and from hygiene to hazardous substances.

### Robotics Park

Robotic suits called exoskeletons combine human intelligence with machine power. Discover the future of prevention in three routes through work environments in the Self-Experience Space.

### START-UP ZONE

A special highlight of the trade fair once again. This area is for the young and the wild. New ideas, new technology, presented by newly established, creative, future-oriented companies.

## Infection Protection and Hygiene Concept

**The A+A 2021 working environment:  
Your health is carefully protected  
at the world's no. 1 trade fair.**

To ensure you feel safe and well at A+A, we have developed hygiene and infection protection standards for all visitors, exhibitors and workers.

All the information on the concept can be found [here](#).

## Book tickets online now

**Make sure you experience the A+A trade fair -  
buy a ticket online now from the [A+A online shop!](#)**

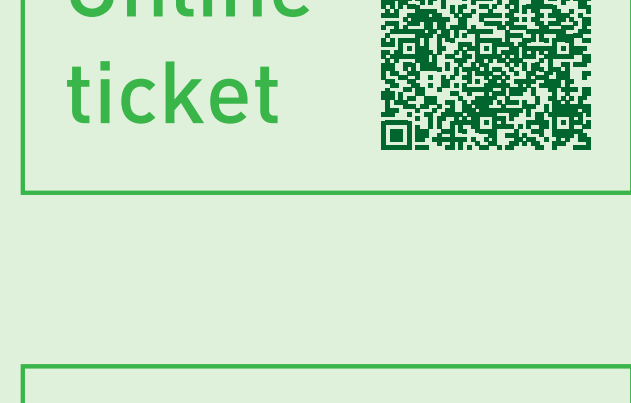

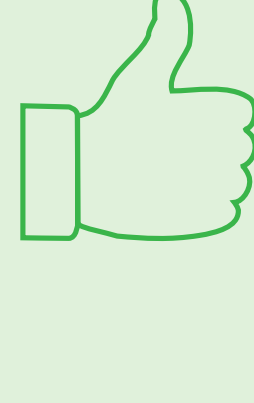

### **Tickets will only be sold online.**

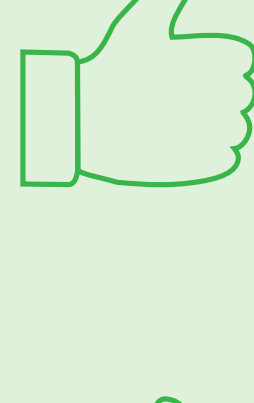

Buy your ticket and comply with one of these three safety rules to visit in person:
