# Product Categories Page 1 of 8 1.0

#### The exhibition programme includes:

- prepress/print
   premedia/multichannel
   postpress/converting/packaging
- 4. future technologies
- 5. materials
- 6. equipment/services/infrastructure

1	prepress / print
1.1	Publishing software
1.1.10	Image processing software
1.1.15	Database publishing
1.1.20	Graphics software
1.1.25	Layout software
1.1.30	OCR software
1.1.35	Personalization software
1.1.40	Editing systems
1.1.45	Fonts
1.1.50	Font management software
1.1.55	Software for catalogue production
1.1.60	Software for magazine production
1.1.65	Software for technical documentations
1.1.70	XML, SGML based software
1.2	Workflow and data handling software
1.2.10	Database systems
1.2.15	Image databases
1.2.20	Content management systems
1.2.25	Data checking software
1.2.30	Workflow systems
1.2.35	Archiving software
1.2.40	Image optimization software
1.2.45	Sheet assembly software
1.2.50	CIP4 applications Color management software
1.2.55 1.2.60	Remote data transmission
1.2.65	JDF applications
1.2.70	PDF software
1.2.75	Proofing software
1.2.80	Screening technologies
1.2.85	RIP systems
1.2.90	Ink key presetting systems
1.2.95	Web-to-print solutions
1.3	Software
1.3.10	Job costing and project management software
1.3.15	Production planning and control software
1.3.20	ERP systems
1.3.25	Management information systems
1.3.30	Production and machine data processing
1.3.35	Software for Customer Relationship Management
1.3.40	Analytical CRM / data mining
1.3.45	Database marketing
1.3.50	Sales Force Automation
1.3.55	Software for call centres
1.3.60	Software for service management
1.3.65	Helpdesk software
1.3.70	Software for customer services
1.3.75	Services planning software
1.3.80 1.3.85	Software for remote maintanance Postage optimization software
1.3.90	Quality management software
1.4	Software for packaging prepress
1.4.10	Software for production preparation
1.4.15	Software for packaging design
1.5	Equipment & systems for printing forme production
1.5.10	Printing forme producers
1.5.15	Printing forme production for offset printing

1.5.20	Computer to plate systems for offset printing
1.5.25	Computer to film systems / Imagesetters
1.5.30	Bending machines for printing plates and plate punching equipment
1.5.35	Processing systems (film & printing plate)
1.5.40	Printing plate baking systems
1.5.45	Copying equipment for offset plate production
1.5.50	Printing forme production for flexographic printing Copying equipment for flexo plate printing
1.5.55 1.5.60	Washing-out units for flexographic printing
1.5.65	Computer to plate systems for flexo plates
1.5.70	Mask cutting systems
1.5.75	Printing forme production for screen printing
1.5.80	Copying devices for screen printing forme production
1.5.85	Computer to screen systems
1.5.90	Screen washing units and stripping units
1.5.95	Screen coating units
1.5.100	Screen tensioning units
1.5.105	Braille printing technology
1.5.110	Printing forme production for gravure printing
1.5.115 1.5.120	Etching devices for gravure printing Computer-to-gravure cylinders
1.5.125	Electroplating for gravure cylinders
1.5.130	Cylinder engraving machines for gravure printing
1.5.135	Cylinder grinding machines
1.5.140	Mounting and registering systems
1.6	Sheet-fed offset printing machines
1.6.10	Sheet-fed offset printing machines – direct imaging
1.6.15	Sheet-fed offset printing machines – inline foiling
1.6.20	Sheet-fed offset printing machines – short inking unit
1.6.25	Sheet-fed offset printing machines with perfecting
	capability
1.6.30	Sheet-fed offset printing machines without perfecting
	capability
1.6.35	Sheet-fed offset printing machines UV
1.6.40	Sheet-fed offset printing machines – waterless
1.6.45	Continuous pile printing machines
1.7	Web-fed offset printing machines
1.7.10	Commercial web offset machines for continuous printing
1.7.15	Continuous stationery printing machines
1.7.20	Web-fed printing machines – heatset
1.7.25 1.7.30	Web-fed printing machines – coldset Web-fed printing machines – flexible substrates
1.7.30	, ,
1.8	Flexographic printing machines
1.8.10	Sheet-fed flexographic printing machines
1.8.15	Wide-web flexographic printing machines
1.8.20	Narrow-web flexographic printing machines
1.9	Letterpress machines
1.9.10	Letterpress printing machines – web-fed
1.9.15	Letterpress printing machines – sheet-fed
1.9.20	Letterpress platens
1.10	Gravure printing machines
1.10.10	Web-fed gravure printing machines
1.10.15	Sheet-fed gravure printing machines
1.11	Hybrid printing machines (combination of methods)
1.11.10	Sheet-fed hybrid printing machines
1.11.15	Web-fed hybrid printing machines
	- · · -

### Product Categories Page 2 of 8

1.12	Digital printing machines and digital printing systems
1.12.10	Inkjet
1.12.15	Web-fed inkjet printing systems
1.12.20	Sheet-fed inkjet printing systems
1.12.25	Inkjet imprinting systems
1.12.30	Inkjet imprinting systems  Inkjet photo printers
	<b>y</b> , ,
1.12.35	Inkjet plotters Inkjet textile printing
1.12.40	
1.12.45	Inkjet Large format printing
1.12.50	Inkjet – coating
1.12.55	Inkjet – Direct to Shape
1.12.60	Inkjet varnish
1.12.65	Inkjet foiling
1.12.70	Thermo transfer printers
1.12.75	Other digital printing methods
1.12.80	Xerography/electrophotography
1.12.85	Xerography sheet-fed production systems
1.12.90	Xerography web-fed production systems
1.12.95	Xerography multi-function printing systems
1.12.100	Digital finishing
1.13	Screen printing machines
1.13.10	Screen printing machines – web-fed
1.13.15	Screen printing machines – sheet-fed, fully automatic
1.13.13	Screen printing machines – sheet-fed, semi-automatic,
1.13.20	flat substrates
1.13.25	Screen printing machines – sheet-fed, semi-automatic,
1.13.23	non-flat substrates
1.13.30	Screen printing machines – sheet-fed, 3/4 automatic
	Screen printing machines – sheet-fed, manually operated
1.13.35 1.13.40	Screen printing transfer presses
1.13.40	ocieen printing transfer presses
1.14	Pad / Tampon printing machines
1.14 1.15	Pad / Tampon printing machines Printing machines and systems for special printing
1.15	Pad / Tampon printing machines  Printing machines and systems for special printing applications
<b>1.15</b> 1.15.10	Pad / Tampon printing machines  Printing machines and systems for special printing applications  Proofing machines (all printing methods)
1.15 1.15.10 1.15.15	Pad / Tampon printing machines  Printing machines and systems for special printing applications  Proofing machines (all printing methods)  Ticket printing machines
1.15 1.15.10 1.15.15 1.15.20	Pad / Tampon printing machines  Printing machines and systems for special printing applications  Proofing machines (all printing methods)  Ticket printing machines  Envelope manufacturing and printing machines
1.15 1.15.10 1.15.15 1.15.20 1.15.25	Pad / Tampon printing machines  Printing machines and systems for special printing applications  Proofing machines (all printing methods)  Ticket printing machines  Envelope manufacturing and printing machines  Printing machines for tin printing
1.15 1.15.10 1.15.15 1.15.20 1.15.25 1.15.30	Pad / Tampon printing machines  Printing machines and systems for special printing applications  Proofing machines (all printing methods)  Ticket printing machines  Envelope manufacturing and printing machines  Printing machines for tin printing  Printing machines for label printing
1.15 1.15.10 1.15.15 1.15.20 1.15.25 1.15.30 1.15.35	Pad / Tampon printing machines  Printing machines and systems for special printing applications  Proofing machines (all printing methods) Ticket printing machines Envelope manufacturing and printing machines Printing machines for tin printing Printing machines for label printing Printing machines for printed electronics
1.15 1.15.10 1.15.15 1.15.20 1.15.25 1.15.30 1.15.35 1.15.40	Pad / Tampon printing machines  Printing machines and systems for special printing applications  Proofing machines (all printing methods) Ticket printing machines Envelope manufacturing and printing machines Printing machines for tin printing Printing machines for label printing Printing machines for printed electronics Printing machines for printing on non-flat substrates
1.15 1.15.10 1.15.15 1.15.20 1.15.25 1.15.30 1.15.35 1.15.40 1.15.45	Pad / Tampon printing machines  Printing machines and systems for special printing applications  Proofing machines (all printing methods) Ticket printing machines Envelope manufacturing and printing machines Printing machines for tin printing Printing machines for label printing Printing machines for printed electronics Printing machines for printing on non-flat substrates Printing machines for tissue printing
1.15 1.15.10 1.15.15 1.15.20 1.15.25 1.15.30 1.15.35 1.15.40 1.15.45 1.15.50	Pad / Tampon printing machines  Printing machines and systems for special printing applications  Proofing machines (all printing methods) Ticket printing machines Envelope manufacturing and printing machines Printing machines for tin printing Printing machines for label printing Printing machines for printed electronics Printing machines for printing on non-flat substrates Printing machines for tissue printing Printing machines for security printing
1.15 1.15.10 1.15.15 1.15.20 1.15.25 1.15.30 1.15.35 1.15.40 1.15.45 1.15.50	Pad / Tampon printing machines  Printing machines and systems for special printing applications  Proofing machines (all printing methods) Ticket printing machines Envelope manufacturing and printing machines Printing machines for tin printing Printing machines for label printing Printing machines for printed electronics Printing machines for printing on non-flat substrates Printing machines for tissue printing Printing machines for security printing Printing technology for Braille
1.15 1.15.10 1.15.15 1.15.20 1.15.25 1.15.30 1.15.35 1.15.40 1.15.45 1.15.50	Printing machines and systems for special printing applications Proofing machines (all printing methods) Ticket printing machines Envelope manufacturing and printing machines Printing machines for tin printing Printing machines for label printing Printing machines for printed electronics Printing machines for printing on non-flat substrates Printing machines for tissue printing Printing machines for security printing Printing technology for Braille Folding box printing and stamping machines automatic
1.15 1.15.10 1.15.15 1.15.20 1.15.25 1.15.30 1.15.35 1.15.40 1.15.45 1.15.50 1.15.55	Printing machines and systems for special printing applications Proofing machines (all printing methods) Ticket printing machines Envelope manufacturing and printing machines Printing machines for tin printing Printing machines for label printing Printing machines for printed electronics Printing machines for printing on non-flat substrates Printing machines for tissue printing Printing machines for security printing Printing technology for Braille Folding box printing and stamping machines automatic (combined)
1.15 1.15.10 1.15.15 1.15.20 1.15.25 1.15.30 1.15.35 1.15.40 1.15.45 1.15.50 1.15.55 1.15.60	Printing machines and systems for special printing applications Proofing machines (all printing methods) Ticket printing machines Envelope manufacturing and printing machines Printing machines for tin printing Printing machines for label printing Printing machines for printed electronics Printing machines for printing on non-flat substrates Printing machines for tissue printing Printing machines for security printing Printing technology for Braille Folding box printing and stamping machines automatic (combined) Foil printing machines
1.15 1.15.10 1.15.15 1.15.20 1.15.25 1.15.30 1.15.35 1.15.40 1.15.45 1.15.50 1.15.55 1.15.60	Printing machines and systems for special printing applications Proofing machines (all printing methods) Ticket printing machines Envelope manufacturing and printing machines Printing machines for tin printing Printing machines for label printing Printing machines for printed electronics Printing machines for printing on non-flat substrates Printing machines for tissue printing Printing machines for security printing Printing technology for Braille Folding box printing and stamping machines automatic (combined) Foil printing machines Postage stamp printing presses
1.15 1.15.10 1.15.15 1.15.20 1.15.25 1.15.30 1.15.35 1.15.40 1.15.45 1.15.50 1.15.55 1.15.60	Printing machines and systems for special printing applications Proofing machines (all printing methods) Ticket printing machines Envelope manufacturing and printing machines Printing machines for tin printing Printing machines for label printing Printing machines for printed electronics Printing machines for printing on non-flat substrates Printing machines for tissue printing Printing machines for security printing Printing machines for Security printing Printing technology for Braille Folding box printing and stamping machines automatic (combined) Foil printing machines Postage stamp printing presses Wallpaper making machines
1.15 1.15.10 1.15.15 1.15.20 1.15.25 1.15.30 1.15.35 1.15.40 1.15.45 1.15.50 1.15.55 1.15.60	Printing machines and systems for special printing applications Proofing machines (all printing methods) Ticket printing machines Envelope manufacturing and printing machines Printing machines for tin printing Printing machines for label printing Printing machines for printed electronics Printing machines for printing on non-flat substrates Printing machines for tissue printing Printing machines for security printing Printing technology for Braille Folding box printing and stamping machines automatic (combined) Foil printing machines Postage stamp printing presses Wallpaper making machines Laboratory printing machines
1.15  1.15.10 1.15.15 1.15.20 1.15.25 1.15.30 1.15.35 1.15.40 1.15.45 1.15.50 1.15.55 1.15.60  1.15.65 1.15.70 1.15.75 1.15.80 1.15.85	Pad / Tampon printing machines  Printing machines and systems for special printing applications  Proofing machines (all printing methods) Ticket printing machines Envelope manufacturing and printing machines Printing machines for tin printing Printing machines for label printing Printing machines for printed electronics Printing machines for printing on non-flat substrates Printing machines for tissue printing Printing machines for security printing Printing technology for Braille Folding box printing and stamping machines automatic (combined) Foil printing machines Postage stamp printing presses Wallpaper making machines Laboratory printing machines Coating machines

2	premedia / multichannel
2.1	Software for multimedia
2.1.10	3-D software
2.1.15	Animation software
2.1.20	Authoring software
2.1.25	Multimedia management software
2.1.30	Software for the development of internet applications
2.1.35	Website creation software
2.1.40	Sound editing software (audio, music,)
2.1.45	Video editing software
2.1.50	Visual programming software (Flash, etc.)
2.1.55	Campaign management software
2.1.60	Software for direct and dialogue marketing
2.1.65	Software for sales and marketing planning
2.1.70	Software for geo marketing
2.2	Services and equipment
2.2.10	Address providers / address directory publishers
2.2.15	Addresses for permission-based marketing (email, SMS)
2.2.20	Address enhancement (lifestyle data, microgeographic
	data, etc.)
2.2.25	Address services (data acquisition, maintenance, scrub-
	bing, up-dating)
2.2.30	Addressing and personalization systems
2.2.35	Data mining (identification of patterns in data bases)
2.2.40	Data warehousing
2.2.45	Use of seed addresses
2.2.50	Response management
2.2.55	Direct and dialogue marketing agencies
2.2.60	Customer retention systems
2.2.65	Customer bonus systems
2.2.70	Market enquiry / analyses
2.2.75	Analysis of advertising effects
2.2.80	Image archives and image data bases
2.2.85	Data processing services
2.2.90	e-commerce for the printing industry
2.3	Online Service
2.3.10	Digital Asset Management
2.3.15	Media Asset Management
2.3.20	Product Information Management
2.3.25	Enterprise Marketing Management
2.3.30	Marketing Resource Management
2.3.35	Brand Management (Corporate Design Publishing)
2.3.40	Collaboration Solutions / Groupware
2.3.45	Remote Publishing
2.3.50	Translation Management
2.3.55	Monitoring and Analytics
2.3.60	Behavioral Targeting
2.3.65	Big Data SEO
2.3.75	Hosting
2.3.73	Software as a Service
2.3.85	Cloud
2.3.90	Data security
2.3.95	Remote Services
2.4	E-Business Print
2.4.10	Onlineshop
2.4.15	Onlineprintshop
2.4.20	Calculators
2.4.25	Web-to-Print
2.4.30	Editors
2.4.35	E-Commerce
2.4.40	M-Commerce

### Product Categories Page 3 of 8

2.4.45	Payment Management
2.4.50	Online Marketing

### Product Categories Page 5 of 8

4.7	Research and development
4.6	Inspection and test systems
4.5.60	Materials for 3D-print
4.5.55	3D-scanner
4.5.50	Other technologies
4.5.45	STL (stereolithography)
4.5.40	PJ (polyjet modeling)
4.5.35	LLM (laminated layer modeling)
4.5.25 4.5.30	BJ (binder jetting) FDM (fused deposition modeling
4.5.20	EBM (electron beam melting)
4.5.15	LBM (laser beam melting)
4.5.10	SLS (selective laser sintering)
4.5	3D-print
4.4.125	Machine Vision Solutions
4.4.120	Condition monitoring
4.4.115	Predictive maintenance
4.4.110	Virtualization and simulation
4.4.105	Networking solutions and standards
4.4.100	Supply chain management
4.4.95	Smart Devices
4.4.90	Smart Products
4.4.85	Smart factory

#### materials

5.1	Paper, cardboard, board
5.1.10	Accounting paper – web printing paper
5.1.15	Office paper & board – web printing paper
5.1.20	Chromo board – web printing paper
5.1.25	India and bible paper – web printing paper
5.1.30	Wood-free paper
5.1.35	Creative paper – web printing paper
5.1.40	Offset printing paper & offset printing board – web printing
	paper
5.1.45	Recycled paper – web printing paper
5.1.50	Thermo-sensitive paper
5.1.55	Poster paper – web printing paper
5.1.60	Carbonless copy paper – web printing paper
5.1.65	Playing card board – web printing paper
5.1.70	Magazine and catalogue printing paper, coated
5.1.75	Magazine and catalogue printing paper, uncoated
5.1.80	Newsprint paper
5.1.85	Double-coated
5.1.90	Accounting paper - cut-size paper
5.1.95	Office paper & board - cut-size paper
5.1.100	Hand-made paper
5.1.105	Chromo board – cut-size paper
5.1.110	India and bible paper - cut-size paper
5.1.115	Book binding materials
5.1.120	One-sided coated paper
5 1 125	Lahal nanar

5.1.130	Coloured / dyed paper
5.1.135	Graphic board, virgin fibres
5.1.140	Graphic board, recycled fibres
5.1.145	Index board
5.1.150	Creative paper – cut-size paper
5.1.155	Map/chart paper
5.1.160	Metallized paper
5.1.165	Offset printing paper & offset printing board - cut-size
	paper
5.1.170	Paper for digital printing
5.1.175	Poster paper – cut-size paper
5.1.180 5.1.185	Preprint paper Recycled paper
5.1.190	Writing paper, fine paper and fine board
5.1.195	Carbonless copy paper – cut-size paper
5.1.200	Self-adhesive paper
5.1.205	Playing card board – cut-size paper
5.1.210	Synthetic paper
5.1.215	Transparent paper
5.1.220	Cover board and fancy board
5.1.225	Uncoated paper, wood-free
5.1.230	Book-end paper, end-leaf paper
5.2	Paper, cardboard and board for packaging
5.2.10	Core board
5.2.15	Machine-made board
5.2.20	Base paper for corrugated board
5.2.25 5.2.30	Packaging paper Wet machine board / mill board
5.2.30	
5.3	Paper, cardboard and board for technical and special
F 2 40	applications
5.3.10	Tissue
5.3.15	Other paper and board grades for technical and special applications
5.3.20	Decor paper
5.3.25	Wet strength paper
5.3.30	Fungicidal paper
5.3.35	Shooting target board
5.3.40	Flame resistant & flame retardant paper
5.3.45	Base paper for photo paper
5.3.50	Security paper
5.3.55	Wallpaper bases
5.4	Films / foils
5.4.10	Decorative foils
5.4.15	Printing films
5.4.20	Foils for cold foil transfer
5.4.25 5.4.30	Foils for large-format printing
5.4.35	Foils, polyester (PET) Foils, polyethylene (PE)
5.4.40	Foils, polypropylene (PP)
5.4.45	Foils, polystyrene (PS)
5.4.50	Foils, polyvinyl chloride (PVC)
5.4.55	Hot stamping foils, stamping foils
5.4.60	Holographic foils
5.4.65	Laminating foils
5.4.70	Adhesive foils
5.4.75	Lenticular foils
5.4.80 5.4.85	Media for Large format printing Metal foils, aluminium foils
5.4.85	Plotter foils
5.4.95	Self-adhesive foils
5.4.100	Special foils for outdoor applications
5.4.105	Thermal transfer foils
5.4.110	Transfer foils
5.4.115	Self-adhesive vinyl

5.5	Other substrates		5.8.20
5.5.10	Banner material (mesh fabric)		5.8.25
5.5.15	Glass		5.8.30
5.5.20	Ceramics		5.8.35
5.5.25	Metal		5.8.40
5.5.30	Metallized synthetic materials		5.8.45
5.5.35	Polyester / polycarbonate		5.8.50
5.5.40	PVC hard foam board		5.8.55
5.5.45	Textiles		5.8.60
5.6	Ink, varnish, toner		5.8.65 5.8.70
5.6.10	Printing inks for sheet-fed offset		
5.6.15	Printing inks for sheet-fed offset – conventional		5.9
5.6.20	Printing inks for sheet-fed offset – UV		5.9.10
5.6.25	Printing inks for sheet-fed offset – waterless		5.9.15
5.6.30	Special printing inks for sheet-fed offset		5.9.20
5.6.35	Printing inks for web-offset		5.9.25
5.6.40	Printing inks for web-offset - conventional		5.9.30 5.9.35
5.6.45 5.6.50	Printing inks for web-offset – UV Printing inks for web-offset – waterless		5.9.40
5.6.55	Special printing inks for web-offset		5.9.45
5.6.60	Additives & concentrates		5.9.50
5.6.65	Printing ink pigments and ink pastes		5.9.55
5.6.70	Flexographic printing inks – Water-based		
5.6.75	Flexographic printing inks - Solvent-based		5.10
5.6.80	Flexographic printing inks – UV		5.10.10
5.6.85	Gravure printing inks – Water-based		5.10.19
5.6.90	Gravure printing inks - Solvent-based		5.10.20 5.10.29
5.6.95	Screen printing inks – Water-based		5.10.2
5.6.100	Screen printing inks – Solvent-based		5.10.3
5.6.105	Screen printing inks – UV		5.10.40
5.6.110	Special printing inks for screen printing		5.10.4
5.6.115	Digital inks		5.10.50
5.6.120	Digital inks – Water-based		5.10.5
5.6.125	Digital inks – Solvent-based		
5.6.130	Digital inks – Textiles		5.10.60
5.6.135	Digital inks – UV curable Digital inks – conductive		5.10.6
5.6.140 5.6.145	Digital inks – conductive  Digital inks – latex based		5.11
5.6.150	Digital inks – for industrial print applications		
5.6.155	Inkjet inks – Dye inks		5.12
5.6.160	Inkjet inks – Pigment inks		
5.6.165	Inkjet inks – solid inks		6
5.6.170	Inks for pad/tampon printing		U
5.6.175	Oil-based overprint varnishes		6.1
5.6.180	Dispersion varnishes		6.1.10
5.6.185	UV curing varnishes, UV varnishes		6.1.15
5.6.190	Special printing varnishes		6.1.20
5.6.195	Fragrance varnishes		6.1.25
5.7	Chemicals and other additives		6.1.30
5.7.10	Chemicals and products for prepress production phases		6.1.35
5.7.15	Chemical mixing & replenishing systems		6.1.40
5.7.20	Chemicals and materials for screen printing		6.1.45
5.7.25	Chemicals for embossing forme manufacturing		6.1.50
5.7.30	Anti-setoff powder		6.1.55
5.7.35	Dampening solutions and additives		6.1.60
5.7.40	Special consumables for printing – others		6.1.65
5.7.45	Gravure printing consumables		6.1.70
5.7.50	Roller washing and maintenance products		6.1.75
5.7.55	Blanket washing and rejuvenating solutions		6.1.80
5.7.60	Photographic materials		6.1.85
5.7.65	Anti-Marking solutions		6.1.90 6.1.95
5.8	Printing unit interior		6.1.100
5.8.10	Formes for offset printing (printing plates)		6.1.10
5.8.15	Formes for letterpress printing	1 !

## Product Categories Page 7 of 8

	6.1.110	Fountain solution management devices / Inking system temperature control systems	
	6.1.115	Dampening systems, spray dampening systems	
	6.1.120	Blanket washing equipment, roller washing equipment	
	6.1.125	Equipment for the pre-treatment of substrates	
	6.1.130	Coating devices	
	6.1.135	Static eliminators	
	6.1.140	Web cleaning systems	
	6.1.145	Charging systems, discharging systems, Ionizers	
	6.1.150	Electrostatic auxiliary systems	
	6.1.155	Web tacking systems	
	6.1.160	Flame pre-treatment systems and plasma pre-treatment systems	
	6.1.165	Coating module	
	6.1.170	Coating units	
	6.1.175	Coating supply and coating preparation systems	
	6.1.180	Slitting and cross cutting machines	
	6.1.185	Control console technology	
	6.1.190	Guide roller cleaning systems	
	6.1.195	Numbering units and numbering equipment	
	6.1.200 6.1.205	Paper web humidifying systems Quality inspection systems	
	6.1.210	Edge trim extraction units	
	6.1.215	Register control systems	
	6.1.220	Reel slitters, inline	
	6.1.225	Reel splicers, autopasters	
	6.1.230	Blade grinding machines	
	6.1.235	Signature feeders, signature deliveries, signature storage units	
	6.1.240	Textile printing carousels	
	6.1.245	Transport systems for rollers and cylinders	
	6.1.250	Dryers	
	6.1.255	E-Beam dryers	
	6.1.260	High-frequency dryers	
	6.1.265	IR/dry air dryers, IR/hot air dryers	
	6.1.270	IR dryers, infrared dryers	
	6.1.275	Microwave dryers	
	6.1.280	Gas dryers	
	6.1.285	Drying cabinets	
	6.1.290	UV dryers (conventional and LED)	
	6.1.295	Convection dryer	
	6.1.300 6.1.305	Viscosity control devices Roller finishing machines	
	6.1.310	Roller cleaning systems	
	6.1.315	Roller washing machines	
	6.1.320	Washing equipment for machine components	
	6.1.325	Winders	
	6.1.330	Web monitoring systems	
	6.1.335	Metering rollers	
	6.1.340	Inking rollers	
	6.1.345	Damping rollers	
1	6.1.350	Chill rollers, web-fed machines	
l	6.1.355	Coating rollers	
l	6.1.360	Impression cylinders	
1	6.1.365	Anilox rollers	
l	6.1.370	Sleeves	
1	6.1.375	Gravure cylinders	
l	6.1.380	Winding shafts	
	6.1.385	Doctor blades	
l	6.1.390	Expanding shafts and couplings	
l	6.1.395	Inkjet system integration	
l	6.1.400	Inkjet system components	
1	6.1.405 6.1.410	Inkjet heads Bend-tester	
	6.2	Measuring and testing engineering	
	6.2.10	Distance measuring instruments	
1			

	Dusseldorf/ Germany www.drupa.com
6.2.15	Alcohol measuring instruments, IPA measuring instru-
	ments
6.2.20	Etch depth measuring devices
6.2.25	Packing gauges
6.2.30	Densitometers
6.2.35	Colour viewing lamps
6.2.40	Humidity measuring instruments, hygrometers
6.2.45	Oxygen meter
6.2.50	Gas warning devices
6.2.55	Hardness measuring instruments
6.2.60	Carbonating test devices
6.2.65	Measuring/scanning tables for colour charts and printed sheets
6.2.70	Paper testing devices
6.2.75	Foil testing devices
6.2.80	Register measuring devices
6.2.85	Pressure measuring devices
6.2.90	Test printing devices (also see Laboratory printing devices)
6.2.95	Anilox roll measurement devices
6.2.100	Spectrophotometers
6.2.105	UV curing testing devices
6.2.110	UV measuring devices / light measuring devices
6.2.115	Scales, paper scales
6.2.120	Ink rub testing devices
6.2.125	Print control strips, ink control bars
6.2.130	Measuring bars
6.2.135	Measuring wedges, control wedges
6.2.140	Vernier scales, measuring scales
6.2.145	Test formes, test printing formes
	, -
6.2.150	Spare parts, wearing parts and lubricants
6.2.155	Control, feed-back control and drive technology
6.2.160	Cameras
6.2.165 <b>6.3</b>	Knives & grinding machines
6.4	Ink / processing systems
6.5	Light sources and Colour matching systems
6.5.10	Colour matching desks
6.5.15	Image viewing devices
6.5.20	Colour viewing devices
6.5.25	Colour cards
6.5.30	Colour systems and colour charts
6.5.35	Standard light sources
6.5.40 <b>6.6</b>	Light sources for reproduction techniques
	Input devices
6.6.10	Digital cameras & accessories
6.6.15	Graphics tablets
6.6.20	Scanners
6.7	Output devices
6.7.10	Monitors, with calibration function
6.7.15	CD / DVD systems
6.7.20	Digital proofing systems
6.7.25	Soft proofing systems
6.7.30	Hard copy printers
6.7.35	Cutting plotters
6.7.40	Laser cutting systems
6.8	Industrial associations and professional organizations
6.9 6.10	Basic and further training Press and Media
6.10.10	Trade press, trade magazines
6.10.15	Trade directories
5.10.13	T

Trade and technical literature, technical dictionaries

6.10.20
