Event Highlights

联 联合国粮农组织与swop共同主办的“SAVE FOOD节约粮食”，以主题展和高峰论坛的双重形式登陆swop 2019。在展会的高峰论坛上，演讲嘉宾们为大家分享了如何以创新包装材料及技术延长食品货架期，减少食物损失和浪费，从而为企业减少生产成本，也能为社会保护环境出一份力。

The “SAVE FOOD” pavilion and forum, co-organized by the Food and Agriculture Organization of the United Nations (FAO) and Messe Düsseldorf (Shanghai) Co., Ltd., have been a highlight of swop. During the forum, the FAO, Shanghai Toppan Co., Ltd., the German Machinery and Equipment Manufacturing Association, AMETEK Memcom, Modivik, and winners of Tsinghua University “Anti-hunger Innovators” shared how to extend the shelf-life of food with innovative packaging materials and technology to reduce food loss and waste, thereby reducing production costs for enterprises and contributing to the protection of the environment.

swop

今年与中国包装设计界享誉盛名的上海视觉艺术学院包装传播设计专业（SIVAPACK）合作，携手举办“Z世代，新未来——SIVAPACK包袱底儿设计展以及”新时代洞察力——国际设计高峰论坛。在这愈演愈烈的品牌竞争“新时代”下，与品牌商和包装界一起从包装设计出发，以创新意识、商业思维及消费者的洞察力助力企业和终端用户把握商机。

This year swop cooperated with SIVAPACK, the prestigious packaging design college of China's packaging design industry - Shanghai Institute of Visual Arts. They jointly organized “Generation Z, New Future” – SIVAPACK design expo and “New Era Insight” – international design forum. Generation Z refers to a generation born after 1995 or even after 2000, which is a new future for the market. In this “new era” of brand competition, together with the brand and packaging industry, swop aimed to help enterprises and end users to seize business opportunities with innovative awareness, business thinking and consumer insight.

swop 与战略合作伙伴“包装之家”三度携手，在N3馆共同打造“快消品主题馆”。该主题馆主要展览展示包装容器以及包装材料，规模相较上一届再度升级，超过200家参展商，逾10,000平方米的展示面积，其中绍兴市上虞区化妆品包装行业协会的入驻也让“快消品主题馆”大放异彩。为包装应用终端用户展示高品质的产品、营造跨领域的交流平台，从而提升品牌竞争力。

This is the third time swop is working together with “PKG Family”, who is committed to building the most valuable FMCG supply chain ecosystem and has more than 1,200 FMCG industry members. Together they created the “FMCG Pavilion” in hall N3. This pavilion mainly displayed packaging containers and packaging consumables. The scale had been upgraded compared to the previous edition, with more than 200 exhibitors occupying more than 10,000 square meters of display area. The participation of the Shaoxing Shangyu District Cosmetic Packaging Industry Association had brought this pavilion under the spotlight. The exhibition aimed to enhance brand competitiveness by presenting high-quality products to packaging application end users and by creating a cross-disciplinary communication platform.
