Messe Düsseldorf takes world-leading foundry technology exhibition to Latin America

go Mexico By launching GIFA Mexico, Messe Düsseldorf is taking THE BRIGHT WORLD OF METALS to Latin America. The first edition of GIFA Mexico will be staged at Centro Citibanamex in Mexico City from 16 to 18 October 2024, as a pavilion within FUNDIEXPO. Leading players from the foundry technology world will be showing latest innovations in NF-metals, iron and steel casting – along the entire value chains of foundries, and the downstream processing and metal-working sectors.

the place to be Mexico's up-and-coming economy makes the country a key booming region between the USA and South America and an important business hub for Latin America. As a new international spin-off of GIFA - the world's leading foundry technology trade fair -, GIFA Mexico will provide growth-oriented businesses a stepping stone into Latin America's emerging markets.

Especially, the automotive industry in Mexico is an international success story. The country is the world's fourth largest supplier to the automotive industry and a successful location for the international foundry industry. Mexico is home to the most innovative foundry and casting businesses, not only in the automotive sector.

best partners FUNDIEXPO has a long tradition as Mexico's leading trade fair and forum for the foundry industry. It is organized by the Mexican Foundry Society Sociedad Mexicana de Fundidores, A.C., with whom Messe Düsseldorf has now partnered. In 2022, 350 exhibitors from 15 countries attracted about 6,400 visitors to the event.

Your platform to inform and connect

In partnership with GIFA Mexico, FUNDIEXPO will become Latin America's leading information and knowledge platform for the foundry industry. Participants from all over Latin America are invited to participate in the comprehensive conference and seminar program on the fairgrounds or via digital channels.

As a special highlight, FUNDIEXPO 2024 will also host the Metallurgy and Foundry World Summit.

Become an exhibitor!

Expand and intensify your activities in Mexico and Latin America

Benefit from GIFA's worldwide visitor promotion network

Take this opportunity to showcase your products and services through seminar presentations to an international audience

Expect a high rate
of decision makers!

66% Policy makers

0.8% Consultants

17% Participative decision making

See you in Mexico City!

Visitor Target Groups

Foundries

Foundry machinery supply industry

Suppliers of raw and auxiliary materials and process materials for foundries

Vehicles industry

Mechanical engineering industry

Iron, steel and non-ferrous metal industry

Trade and commerce

Services

Exhibitor Profile

Foundry plants and installations, planning, construction, engineering

Melting shop

Refractories technology

Metallic charge materials

Moulding and core making

Moulding sands

Moulding sand preparation and sand reclamation

Moulding auxiliaries

Gating and feeding

Casting machines and pouring equipment

Knock-out, fettling and finishing

Surface treatment

Welding and cutting

Heat treating and drying furnaces

Transportation and storage

Manipulation

Pattern and die making

Control systems

Measurement and test technology

Compressed-air technology

Exhaust and ventilation technology

Environmental protection and waste removal

Industrial safety and ergonomics

Information processing

Additive Manufacturing

Consulting, design, service and engineering

Technical publications, technical periodicals, associations

Training, further education
