Algeria ranks among Africa's largest importers of printing, paper and packaging technology

Driven by increasing industrialisation and a rapidly expanding population, Algeria's printing and packaging industry is experiencing robust growth.

- Imports of printing and paper technology surged from €57 million in 2016 to €95 million in 2023, solidifying Algeria as the third-largest importer in Africa, trailing only South Africa and Egypt.
- In packaging technology, Algeria imported €161 million in 2023, securing its position as Africa's second-largest importer, ahead of Egypt (€145 million) and second only to South Africa (€194 million). (VDMA)
