

 Düsseldorf
 15/9 – 18/9/27

1
Daily Living, Independence & Home Assistance

- 1.1** Household Aids, Reaching & Gripping Aids, Dressing & Undressing Aids
 - 1.1.1 Dressing and undressing aids, shoehorns
 - 1.1.2 Reaching aids, grip adapters, ergonomic handles
 - 1.1.3 Holding devices and grab bars
 - 1.1.4 Carrying and transport aids
 - 1.1.5 Support and positioning aids
 - 1.1.6 Functional and protective clothing (e.g. for wheelchair users, weather-adapted clothing)
- 1.2** Eating & Drinking Aids, Adaptive Cutlery & Tableware
 - 1.2.1 Adaptive cutlery, tableware and eating aids
 - 1.2.2 Drinking aids and special cups
 - 1.2.3 Clothing protectors and bibs
 - 1.2.4 Kitchen and food preparation aids, can and bottle openers
 - 1.2.5 Functional food products (dietary products, products suitable for diabetes)
- 1.3** Personal Care & Hygiene Aids
 - 1.3.1 Aids for hair, skin, dental and nail care
 - 1.3.2 Care clothing and care overalls
 - 1.3.3 Protective and padding products (head, knee and elbow protection)
- 1.4** Daily Living Aids for People with Cognitive Impairments
 - 1.4.1 Cognitive memory and orientation aids
 - 1.4.2 Special ergonomic products (e.g. aids for left-handed users)
 - 1.4.3 Safety and positioning/restraint aids
 - 1.4.4 Fall prevention and protection systems
 - 1.4.5 Simple operating aids and visual support products

2
Work, Education & Vocational Participation

- 2.1** Workplace Adaptations & Ergonomic Solutions
 - 2.1.1 Height-adjustable work and assembly tables
 - 2.1.2 Ergonomic chairs, sit-stand stools and workplace systems
 - 2.1.3 Support and swivel arms, gripping and handling aids
 - 2.1.4 Wheelchair-accessible workplace adaptations
- 2.2** Digital Workplace Assistance & Software
 - 2.2.1 Digital assistive devices and robotic workplace aids
 - 2.2.2 Ergonomic input devices and workplace technologies
 - 2.2.3 Software solutions for workplace assistance and task structuring
- 2.3** Aids for Vocational Training, Higher Education & Certification
- 2.4** Vocational Rehabilitation & Reintegration
 - 2.4.1 Vocational rehabilitation and reintegration
 - 2.4.2 Certification programmes and retraining opportunities
- 2.5** Occupational Safety & Workplace Ergonomics
 - 2.5.1 Protective clothing and workwear
 - 2.5.2 Ergonomic tools and aids
 - 2.5.3 Ergonomic work and posture support aids
 - 2.5.4 Safety-related workplace components

3
Accessible Building, Living & Smart Living

- 3.1** Bathroom, Kitchen & Home Adaptations
 - 3.1.1 Bathroom and sanitary solutions, height-adjustable washbasins, toilet aids
 - 3.1.2 Accessible showers, bathtubs, shower seats and bathroom furniture
 - 3.1.3 Shower, toilet and bath lift systems
 - 3.1.4 Kitchen adaptations and height-adjustable work surfaces
 - 3.1.5 Living room and bedroom furniture, such as care beds, riser recliners, mobile and side tables
 - 3.1.6 Ergonomic mattresses, cushions and functional furniture systems
 - 3.1.7 Professional home adaptation consulting, architectural and planning services
- 3.2** Stairlifts, Lifts & Ramps
 - 3.2.1 Stairlifts, platform lifts and lifting platforms
 - 3.2.2 Wheelchair lifts and stair-climbing aids
 - 3.2.3 Ramp systems for indoor and outdoor use
 - 3.2.4 Lifts and vertical lifting aids
 - 3.2.5 Threshold and curb bridging solutions
- 3.3** Smart Home & Ambient Assisted Living
 - 3.3.1 Home emergency call systems, alarm and monitoring technology
 - 3.3.2 Environmental controls, smart home systems and automated home functions
 - 3.3.3 Sensors for safety and orientation
 - 3.3.4 Electronically controlled door, window and access systems
 - 3.3.5 Personal alarm and location systems
- 3.4** Structural Orientation & Guidance Systems
 - 3.4.1 Guidance and orientation systems
 - 3.4.2 Tactile flooring, markings and slip-resistant surfaces
 - 3.4.3 Orientation-supporting lighting
 - 3.4.4 Mechanical door and access aids
- 3.5** Accessible Public Spaces
 - 3.5.1 Pathway and outdoor space design
 - 3.5.2 Accessible entrances, doors and gate systems
 - 3.5.3 Outdoor ramps, outdoor lifts and threshold solutions
 - 3.5.4 Lighting systems to improve safety and orientation
 - 3.5.5 Equipment and fittings for public buildings and facilities

4
Rehabilitation for Children, Young People & Families

- 4.1** Mobility for Children (Wheelchairs, Rehab Buggies)
 - 4.1.1 Children's wheelchairs (manual & powered)
 - 4.1.2 Rehab strollers, pushchairs & transport aids
 - 4.1.3 Walking aids, walkers & early mobility aids
 - 4.1.4 Therapeutic bicycles, tricycles and active mobility devices
 - 4.1.5 Mobile play and movement equipment for rehabilitation
- 4.2** Standing/Walking Trainers & Development Support
 - 4.2.1 Standing trainers and standing wheelchairs for children
 - 4.2.2 Walking and gait trainers, crawling aids

- 4.2.3 Therapy systems for posture, movement and coordination
- 4.2.4 Early motor development and practical training aids

4.3 Early Intervention & Learning Aids

- 4.3.1 Educational play and learning materials
- 4.3.2 Cognitive and sensory development aids
- 4.3.3 Materials for early intervention, preschool and school support
- 4.3.4 Movement- and play-based developmental activities

4.4 Special Seating & Furniture

- 4.4.1 Special seating systems & positioning aids
- 4.4.2 Children's care beds, mattresses & positioning materials
- 4.4.3 Ergonomic children's chairs, tables & activity furniture
- 4.4.4 Individually adapted furniture for therapy, daily living & school

4.5 Family Support Services & Care

- 4.5.1 Family respite services & care
- 4.5.2 Support services for care, daily living & organisation
- 4.5.3 Consulting Services on Care, Assistive Devices, and Financial Assistance
- 4.5.4 Information and networking services for family members and caregivers

5 Communication, Sensory & Information Aids

5.1 Augmentative & Alternative Communication (AAC)

- 5.1.1 Communication aids, speech-generating devices & symbol boards
- 5.1.2 Speech and language therapy aids
- 5.1.3 Adaptive writing and reading devices
- 5.1.4 Software and apps for augmentative and alternative communication
- 5.1.5 Ergonomic aids for writing and text production

5.2 Eye-Controlled Systems & Alternative Input Devices

- 5.2.1 Eye-tracking control systems
- 5.2.2 Alternative input devices and special keyboards
- 5.2.3 Special control systems & speech recognition systems
- 5.2.4 Adaptive remote controls and control devices

5.3 Hearing & Signaling Technology

- 5.3.1 Hearing aids, hearing amplifiers and audio transmission systems
- 5.3.2 Visual and mechanical signalling devices, vibrating alarm clocks
- 5.3.3 Telephone amplifiers and devices for the hearing impairments
- 5.3.4 Voice amplifiers and voice training aids
- 5.3.5 Hearing-based communication systems

5.4 Visual & Tactile Information Aids

- 5.4.1 Optical magnification systems, magnifiers & digital magnifiers
- 5.4.2 Orientation aids, white canes, tactile markings
- 5.4.3 Navigation and guidance systems
- 5.4.4 Visual magnification and display software

5.5 Braille & Screen Readers

- 5.5.1 Braille displays, Braille books & Braille writing devices

- 5.5.2 Screen readers & text-to-speech software
- 5.5.3 Braille software and aids for tactile text communication

5.6 Accessible Media, Apps & Software

- 5.6.1 Accessible apps & web services
- 5.6.2 Smartphones, tablets & computers with assistive features
- 5.6.3 Software for digital participation
- 5.6.4 Accessible electronic media and content

6 Medical & Neurorehabilitation, Clinical Care & Healthcare

6.1 Rehabilitation/Medical Technology for Clinics & Centres

- 6.1.1 Ventilation, suction and respiratory therapy devices
- 6.1.2 Internal nutrition and medication delivery devices
- 6.1.3 Catheter, stoma and incontinence care
- 6.1.4 Clinical care technology for rehabilitation and care facilities

6.2 Neurorehabilitation & Diagnostics

- 6.2.1 Neurotherapeutic training systems
- 6.2.2 Motor and cognitive diagnostic procedures
- 6.2.3 Orthopaedic and trauma rehabilitation aids
- 6.2.4 Emergency and first-aid equipment in neurological care

6.3 Clinical Processes & IT

- 6.3.1 Documentation and process software
- 6.3.2 Digital patient and care management
- 6.3.3 Telemedicine and telerehabilitation solutions
- 6.3.4 IT systems for therapy and clinical planning

6.4 Monitoring & Assessment Systems

- 6.4.1 Vital signs and respiratory monitoring
- 6.4.2 Blood pressure measurement and diagnostic screening systems
- 6.4.3 Wound and skin monitoring, wound care
- 6.4.4 Compression systems and individual care planning
- 6.4.5 Assessment systems for rehabilitation and therapy evaluation

7 Mobility, Vehicles & Transfer

7.1 Manual Wheelchairs

- 7.1.1 Manual wheelchairs, attendant-propelled wheelchairs
- 7.1.2 Modular and folding wheelchair systems
- 7.1.3 Wheels, castors, drive systems and components
- 7.1.4 Accessories such as headrests, cushions and wheelchair accessories

7.2 Powered Wheelchairs & Mobility Scooters

- 7.2.1 Powered wheelchairs & mobility scooters
- 7.2.2 Power-assist systems for manual wheelchairs
- 7.2.3 Batteries, chargers and drive systems
- 7.2.4 Electronic steering and control modules

7.3 Active Wheelchairs

- 7.3.1 Active wheelchairs
- 7.3.2 All-terrain wheelchairs & off-road solutions
- 7.3.3 Handcycles, tricycles and sports mobility systems
- 7.3.4 Bicycle combinations, tandems and special mobility devices

REHACARE
 International

 Düsseldorf
 15/9 – 18/9/27

7.4
Walking Aids

- 7.4.1 Walking sticks, forearm crutches & walking frames
- 7.4.2 Rollators & walkers
- 7.4.3 Gait training and mobility aids
- 7.4.4 Accessories (wheels, baskets, brakes, ergonomic handles)

7.5
Transfer & Lifting Aids

- 7.5.1 Entry/ Boarding aids & steps
- 7.5.2 Wheelchair lifting and loading aids
- 7.5.3 Safety and restraint systems
- 7.5.4 Transfer and positioning accessories

8
Vehicles & Vehicle Adaptations

- 8.1 Special-purpose vehicles and disability-friendly vehicle adaptations
- 8.2 Hand controls and steering aids
- 8.3 Adapted car seats & seat cushions
- 8.4 Ramps, vehicle lift systems & entry aids
- 8.5 Transport vehicles, motorhomes & buses
- 8.6 Driving schools & mobility advice
- 8.7 Vehicle lifting systems & wheelchair loading aids

9
Orthopaedic Technology, Prosthetics & Orthotics
9.1
Prosthetics (Upper & Lower Limbs)

- 9.1.1 Arm and leg prostheses
- 9.1.2 Modular prosthetic systems
- 9.1.3 Myoelectric and mechanical components

9.2
Orthotics & Supports

- 9.2.1 Orthoses for upper & lower limbs
- 9.2.2 Trunk and spinal orthoses
- 9.2.3 Leg braces and abduction braces
- 9.2.4 Supports and braces for daily living, sports & therapy

9.3
Orthopaedic Footwear & Insoles

- 9.3.1 Custom-made orthopaedic footwear
- 9.3.2 Shoe modifications, heels & special footwear
- 9.3.3 Insoles, footbeds & orthopaedic care components

9.4
3D Printing & Advanced Manufacturing

- 9.4.1 3D printing in prosthetics/orthotics
- 9.4.2 CAD/CAM manufacturing
- 9.4.3 Digital measurement and scanning technologies
- 9.4.4 Automated production processes

10
Nursing Care, Homecare & Daily Care
10.1
Care Beds & Positioning

- 10.1.1 Care beds and bed accessories
- 10.1.2 Anti-decubitus solutions and pressure-relief systems
- 10.1.3 Positioning aids
- 10.1.4 Bed trapezes, lifting aids and reclining/ seating support
- 10.1.5 Alternating pressure systems, mattresses and medical overlays

10.2
Hygiene Management

- 10.2.1 Personal hygiene aids for use in bed
- 10.2.2 Hygiene and care systems for everyday nursing care

10.3
Homecare (Stoma, Nutrition, etc.)

- 10.3.1 Stoma and incontinence care
- 10.3.2 Internal nutrition systems & feeding pumps
- 10.3.3 Infusion, medication and catheter care
- 10.3.4 Tracheostomy care aids
- 10.3.5 Homecare consulting, fitting and services

10.4
Outpatient & Home Nursing Aids

- 10.4.1 Transfer aids, sliding boards & turning aids
- 10.4.2 Mobile and stationary patient lifts
- 10.4.3 Lifting slings, sit-to-stand aids & repositioning systems
- 10.4.4 Practical everyday aids for care professionals and family caregivers
- 10.4.5 Aids for nursing care in the home

10.5
Care Software & Digital Processes

- 10.5.1 Digital care planning
- 10.5.2 Documentation systems
- 10.5.3 Mobile care documentation
- 10.5.4 Organisation & route planning (outpatient care)
- 10.5.5 Apps for family caregivers & care professionals

11
Therapy, Training & Practice Management
11.1
Therapeutic Equipment (Physiotherapy, Occupational Therapy, Speech Therapy)

- 11.1.1 Therapy equipment for physiotherapy, occupational therapy and speech therapy
- 11.1.2 Treatment tables, massage and heat therapy applications
- 11.1.3 Equipment for pain therapy, magnetic field therapy, light therapy and hydrotherapy
- 11.1.4 Positioning, sensory and cognitive aids
- 11.1.5 Multisensory systems (e.g. Snoezelen)

11.2
Training Systems & Therapy Aids

- 11.2.1 Movement therapy and muscle training equipment
- 11.2.2 Balance, coordination and mobility systems
- 11.2.3 Treadmills, gait trainers and standing devices
- 11.2.4 Electrical stimulation-based training aids

11.3
Practice Management & Software

- 11.3.1 Practice management and appointment software
- 11.3.2 Assessment and documentation systems
- 11.3.3 Billing and administration tools
- 11.3.4 Digital quality management tools and process management
- 11.3.5 ePrescription/eVO-enabled practice solutions

11.4
Digital Therapy Solutions
(Teletherapy & Digital Therapy)

- 11.4.1 Teletherapy applications
- 11.4.2 Digital cognitive and speech therapy tools
- 11.4.3 App-based therapy programmes
- 11.4.4 Virtual therapy and training environments
- 11.4.5 Digital training and feedback systems

 Düsseldorf
 15/9 – 18/9/27

12

Leisure, Tourism, Sports & Inclusive Experiences

- 12.1** Adaptive Sports & Para Sports Equipment
 - 12.1.1 Sports wheelchairs & adaptive sports equipment
 - 12.1.2 Training and exercise systems for para sports and recreational sports
 - 12.1.3 Equipment for climbing, gymnastics and exercise
 - 12.1.4 Swimming and water aids with a sports focus
 - 12.1.5 Specialised and winter sports equipment for adaptive sports
- 12.2** Accessible Tourism
 - 12.2.1 Accessible hotels, holiday accommodation & destinations
 - 12.2.2 Information materials, travel guides & accessible tourism portals
 - 12.2.3 Tour operators offering services for the disabled
 - 12.2.4 Consulting and services for accessible travel planning
- 12.3** Inclusive Travel & Transport
 - 12.3.1 Accessible vehicle rental & transport services
 - 12.3.2 Travel aids & mobility solutions for use on the go
 - 12.3.3 Assistance and transfer aids for travel and transport environments
 - 12.3.4 Accessible mobility for rail, bus, air & private transport
- 12.4** Leisure & Outdoor Activities
 - 12.4.1 Leisure activities & outdoor activities
 - 12.4.2 Wellness and relaxation services
 - 12.4.3 Aids for recreational swimming, bathing & water activities
 - 12.4.4 Leisure equipment & accessories for outdoor experiences
 - 12.4.5 Inclusive nature and experience-based activities
- 12.5** Play & Experience Aids
 - 12.5.1 Inclusive play equipment & experiences
 - 12.5.2 Musical instruments & creative play aids
 - 12.5.3 Sensory and motor experience products
 - 12.5.4 Aids for inclusive and accessible play

13

Associations, Self-Help Organisations & Services

- 13.1** Self-Help Groups & Patient Organisations
 - 13.1.1 Self-help groups and clubs
 - 13.1.2 Patient organisations and advocacy groups
 - 13.1.3 Information materials & publications from self-help organisations
 - 13.1.4 Advice and peer exchange services for the afflicted and their families
- 13.2** Professional & Trade Associations
 - 13.2.1 Professional and trade associations
 - 13.2.2 Industry organisations and business associations
 - 13.2.3 Provider associations and healthcare industry advocacy groups
- 13.3** Facilities (Rehabilitation, Care, Therapy)
 - 13.3.1 Rehabilitation clinics, therapy centres & health resorts
 - 13.3.2 Care facilities and outpatient care services

13.3.3

Organisations providing assistive products and coordinating care

13.4

Social Services & Consulting

- 13.4.1 Home care, personal assistance & family support
- 13.4.2 Assistive product & care consulting, budget and financial advice
- 13.4.3 Assistive product rental and care service providers
- 13.4.4 Advice centres and social services
- 13.4.5 Billing and administration services for service providers
- 13.4.6 Nutritional counselling

13.5

Advocacy & Policy

- 13.5.1 Social policy associations & disability advocacy organisations
- 13.5.2 Advocacy organisations for patients, family members & professionals
- 13.5.3 Rehabilitation agencies, funding bodies & political institutions
- 13.5.4 Publications, professional information & association communications

14

Digital Assistive Systems, Robotics & eHealth

14.1

Digital Assistance for Daily Living

- 14.1.1 Smart home assistance & home environment control
- 14.1.2 Sensors & safety systems
- 14.1.3 Digital daily living aids & reminder support
- 14.1.4 Mobility & navigation assistance

14.2

Robotic Assistive Devices & Exoskeletons

- 14.2.1 Exoskeletons for mobility
- 14.2.2 Robotic daily living & gripping aids
- 14.2.3 Robotic care assistance
- 14.2.4 Play and socially assistive robotics

14.3

Rehabilitation & Therapy Robotics

- 14.3.1 Robotic gait & movement therapy
- 14.3.2 Arm, hand & shoulder robotics
- 14.3.3 Cognitive & neurotherapeutic robotics
- 14.3.4 Robotic therapy stations & modular training systems

14.4

Telemedicine & Telerehabilitation

- 14.4.1 Teletherapy (physiotherapy, occupational therapy, speech therapy)
- 14.4.2 Telemonitoring & remote support
- 14.4.3 VR/AR-assisted telerehabilitation
- 14.4.4 Hybrid therapy programmes

14.5

eHealth, eVO & Digital Prescriptions

- 14.5.1 Digital prescriptions & electronic prescriptions (eVO)
- 14.5.2 Digital assistive product fitting & documentation
- 14.5.3 Process & billing software
- 14.5.4 Apps & platforms for health management

14.6

Software Solutions Across the Care Supply Chain
